Thanks, Mark! As Doug mentioned, I actually just got back from Cuba. I will confer with Doug on Monday and get back to you about some dates for a conference call.

Thanks again,

Katherine Haque-Hausrath
Assistant Attorney General
Montana Natural Resource Damage Program

Hi Katherine,
Welcome back to the office. I hope you enjoyed your time off!

We're happy to coordinate with you on the Columbia Falls Aluminum Company site. I spoke with Mike Cirian, and we were thinking it would be a good idea for the four of us to have a conference call to discuss the status of the RI and what level of involvement you and Doug wish to have in the RI/FS. We can also discuss RI/FS document availability as well. I'm not sure what Mike's schedule looks like the week of June 24th but I should be in that week.

Mark

Subject: Thanks & Columbia Falls coordination?

Mark,

I hope things are going well. I will miss seeing you at the W.R. Grace meeting next week! I wanted to let you know that we really appreciate the excellent coordination that EPA is doing at Libby. We got the sharepoint invitation from Dania, so thank you.

In a similar vein, I thought I would reach out to you and see if we could establish some sort of similar coordination at Columbia Falls. I recognize that Libby has more EPA resources, so we should not expect a sharepoint. However, if we could be notified of technical meetings related to scoping the investigation, etc., and receive copies of documents (particularly the RI documents, e.g., SAPs), that would be exceedingly helpful.

Anyway, maybe you could chat with Mike Cirian to see how coordination could best be accomplished, and then get back to us? Right now, for the Montana Natural Resource Damage Program, it would be me and Doug Martin (cc'ed). I will

be out of the office through June 24, but I would be happy to chat about this after I get back, if you have any questions or want to run anything by us.

We appreciate your help.

Thanks,

Katherine Haque-Hausrath
